A Geriatric Care Manager can help you make the right decision the first time, saving you time and money

Whether you are…
- feeling overwhelmed with medical care and decisions for loved ones
- needing to find a way for loved ones to stay safe at home
- searching for the best, most affordable elder care options for yourself or a parent
- struggling with long-distance caregiving
- having difficulty reaching a family consensus on elder care

...our Geriatric Care Managers can provide problem-solving and personal assistance.

We are licensed social workers who specialize in issues of aging and the elderly.

Geriatric Care Managers are advocates capable of managing complex situations and finding positive solutions for all care concerns. We begin with a professional assessment and personalized care plan.
What can our Geriatric Care Managers do for you?

- Provide proactive solutions that relieve the stress of caring for elderly or chronically ill family members
- Explore options with families for medical and residential care including adult day care, assisted living and nursing home choices
- Provide recommendations for navigating Alzheimer’s and dementia care
- Schedule doctor’s visits, coordinate medical care, attend medical appointments with clients and share the results with families
- Manage crisis situations such as accompanying a client to the ER
- Assist with long term care insurance benefits process
- Recommend safety equipment and specialized supplies for the home
- Assist with bill paying and household money management

We are your local elder care experts!
