

Caregiver Of The Month! Christopher James

Home Care Solutions' June 2018 Caregiver of the Month was Christopher James.

Christopher began working for Home Care Solutions in 2017. Christopher is known for his kind and gentle smile, he is considered a great team player,

his disposition and loyalty have proven that he is a very compassionate and reliable employee. He conducts himself in a professional manner. Christopher is punctual, dependable, courteous, and honest to his client.

Christopher received a gift card and a pin. Congratulations!

Compliment Corner

The following **Home Care Solutions Caregivers** have been recognized in May & June by clients and staff for delivering outstanding care!

Denise DeLong

What does above & beyond mean to HCS?

It means when a special caregiver exceeds what a particular job requires!

Deborah Hudson **Denise DeLong**
Franchelle Davis **Pamela Balthazar**
Ricky Mitchell

**Thank you to these special caregivers
who go the extra mile!**

We Believe in Exceptional Care

Home Care Solutions believes that exceptional care begins with exceptional employees. Each month, Home Care Solutions highlights the Caregiver Of The Month in the first and special section of the newsletter. That

Caregiver is given high praises and gifts. Home Care Solutions loves to share the stories of those Caregivers who carry out the mission and values of this company with professionalism and heart. As a mid-year appreciation gesture to all of the Caregivers, the HR Department provided lunch in Drive-Thru fashion. Caregivers called when they were in front of the office, and lunch was delivered to them as they changed shifts, headed to a shift, or were ending their day from an overnight shift. Those who had time had lunch in our conference room and spent time with other Home Care Solutions team members. The day was enjoyed by all!

Wishing you a
sparkling and happy
4th of July
May it be filled with
peace and fun

You won't want to miss any of your plans for the summer due to the heat.

- * Keep your activities close to a shady spot.
- * Wear a wide-brimmed hat to prevent the UV rays from hitting the sensitive spots on your face.
- * Wear sunglasses to prevent harmful ultraviolet (UV) rays from scorching your corneas.
- * Wear light colored, loose clothing.
- * Use sunscreen with an SPF rating of at least 15 or higher
- * Stay HYDRATED! Don't wait until you are thirsty! Drink water throughout the day to prevent dehydration or over exhaustion.

STAY COOL!
